

Lead Implementation ISO 27701:2019 Privacy Information Management System PIMS

By Pricoris Learning Academy, India

Pricoris Learning Academy: Getting Data Privacy and Information Security professionals up to speed.

Pricoris Learning Academy is an upskilling service offering of Pricoris LLP providing practical, real world issues based trainings. Our impactful programs can be customised to help you gain skills and capabilities in your chosen area of interest.

In a digital age we strongly believe in retaining the advantages of a class room environment, making the most of group learning while paying attention to resolving individual queries. Our trainers are seasoned experts who will share their journey and experiences along with best practices followed in the industry.

Pricoris Learning Academy will leverage Pricoris' rich experience in different domains across various industries and its knowledge base to share practical insights, helping participants understand & learn critical concepts.

How we are different

Practical approach to explain concepts, backed with case studies and simulations

Vast knowledge base and experience

Customised training as per client requirement

Regular feedback to monitor training effectiveness

Cost effective

5th & 6th October 2019

Post training support and query management

We cover the latest - NIST Draft Privacy Framework and its mapping with ISO 27701 as well as Data Deidentification Techniques (ISO 20889)

Our top programmes

Lead Implementation ISO 27701 – Privacy Information Management System (PIMS)

GDPR – Data Protection for DPOs

GDPR Basics

Lead Implementation ISO 27001:2013

Watch the FDPPI webinar on ISO 27701 at <http://fdppi.in/wp/events/>

Why Privacy Information Management System

Privacy is an important human right and 58% of nations have passed laws or regulations on Privacy. Establishing a management system is a measure of accountability of the management and evidence of conformity to different regulations and certification is the demonstration of the compliance.

Privacy Information Management System will help operationalise the legislative/regulatory requirement into easily implementable controls.

Compliance by subcontractors and vendors will give an assurance of compliance with the data protection addendums.

We offer different certifications based on your experience

1. Experience of 3+ years in Information security or trained on ISO 27001 (Lead Auditor or implementation) and 2+ years in Privacy or trained on GDPR/BS10012.

What our participants say

The mentors gave us a wow experience.

Kuhu Adhikary, Genpact

Pricoris LLP were thoroughly professional in the GDPR training. Their in-depth knowledge on subject was really insightful for us. The training material shared is very helpful for the GDPR implementation within the organization.

Gaurav Gupta, GCE Solutions
